

SCA Management Consulting was formed to provide support, advice and mentoring to potential and existing businesses.

It has experienced professionals with backgrounds in Financial Accounting, Management Accounting, Marketing, Strategic Management, Mentoring, Procurement, Human Resources, and Property Management.

Our key strength is in **business finance and procurement** in private and public sectors.

Our Principal Activities include:

- ❖ In-depth business development analysis (BDA) and Action Plan (AP).
- ❖ Project management.
- ❖ Business control systems and strategic development
- ❖ Business awareness courses/workshops in Finance, Marketing and Procurement.
- ❖ Enterprise Mentoring Services accredited by MENTORSME & SFEDI.
- ❖ Support for clients seeking to raise finance through various financial Institutions or government business grants.

We deliver a professional service to our clients, thereby saving them money and improving the bottom-line. Business Awareness at SCA

SCA runs integrated business awareness training for existing and potential businesspersons who are interested in acquiring the right knowledge to run their business.

The training will demystify all the myths about setting and running a business in all sectors of industry.

It will empower potential and new business owners whether a small sole trader, a social enterprise or a manufacturing company.

Our courses will lead you in the right direction to achieving your ultimate aims and enable you to have a seamless start.

The course will also provide you with basic but essential tools required to set-up and run the business.

We will also provide you with a mentor to continue to work with you for some time after you have started.

If you have contemplated starting your own business, you do not need to wait any longer; we can make it easier for you.

The course runs on a three hourly block per week and you don't need to take them all consecutively.

Facilitators of the programme are members of the Consultancy with the qualifications and experience in business support and have worked at senior management positions in various industries.

The course is designed to save you time and money in setting up as well as running the business.

Cost is £250 for a package of four topic areas.

The courses

Finance and Legal requirements
Policies and procedures
Marketing/market research
Developing your brand image helping you with IP registration
Launching your product/service
Contract and procurement processes
Producing and maintaining accounting documentation
HR strategies and future training requirements
