### **May we invite you to our Speed Business Mentoring Event on:**

Date: 13<sup>th</sup> December 2013

Venue: Wolverhampton Science Park, Business Solution Centre, Glaisher Drive, WV10 9RU

Time: 09.30am – 14.30pm

This event is designed for existing and aspiring business owners wishing to have experienced professionals to assist them in defining their business direction as well as re-examine the various options open to their business.

#### The issues

The issues may be in business strategic options, in tackling competition, in managing various business challenges, in managing customers and defining what they want, in planning succession for your business, in building confidence in your business, in creating an environment for your business, in making less fatal decisions for your business.

#### On the Day

You will meet our professionals/business owners who will listen to your business issues and set you on the road to assigning you to an appropriate mentor who will work with you for a period of time to support you in defining your business strategies. There will be a matching process after the event and you will be assigned to a mentor who closely matches your business needs.

#### Your obligations

Your only obligation is to devote yourself to the programme for at least a period of six months after which it will be reviewed. You have the option to end the relationship anytime if it's not working for you.

#### The Commitments

You will be required to complete a joining document and maintain a code of ethics as approved by SFEDI and Institute of Enterprise and Entrepreneurs and adopted by our organisation for this programme.

#### What would a mentor do?

Listen confidentially to your business issues

Help by sharing their experience

Give friendly, unbiased support and guidance

Provide honest and constructive feedback

Be a sounding board for ideas

Facilitate decision making by suggesting alternatives

Provide contacts and networks to further personal and business development

Inspire you to realise your potential

Provide ongoing support and encouragement
