

SCA MC

What defines a High growth Company?

In the opinion of SCA MC here are the principle characteristics that will support the notion.

- 1 A clear Aims and objectives of the Company
- 2 High/quality Management team who are fully committed to the business with relevant expertise and prepared to take the necessary risks
- 3 Product in Demand or has higher potential of being in demand
- 4 A well defined market and marketing strategies
- 5 Clear and defined financial investment and projections
- 6 Well defined evidence of realistic growth projections
- 7 Always thinking ahead of competition

At SCA, we will assist you in achieving these growth potentials provided you are ready to work hard and work with us.
